# Introduction

Harmony has been manufacturing Custom Made Blinds for the European market since early 2012. Offering high quality, precision made blinds to the market with a wide range of stock fabrics, components and finishes available. We have now increased our offer to include Wood and Aluminium Venetian Blinds.

## Accreditations

Harmony is qualified to be accredited to the following agencies displaying their quality of production and service both technically and ethically. Below is a list of companies which recognise Harmony for high quality production and quality control, together with providing an ethical place of work.

With vertically integrated production to include tooling, fabric coating and ultrasonic cutting machines; along with short lead times of just 7 days production we introduce the perfect solution for your business.

Harmony manufacture and distribute to customers around the globe.

Work with our standard fabrics or build your own unique collection following our MOQ. Current fabric styles include Blackout, Light Filtering, Sheer, Sunscreen, Textured and Zebra.

Customised components and packaging can be tailored to meet your requirements. All orders are shipped by safe and secure air freight directly from Shanghai.

Our expectation is to manufacture and deliver all orders to the destination address in 10-14 days.

# Roller Blinds

Roller blinds are a simple and effective form of window decoration. Our custom made blinds can be made in a wide range of styles, fabrics and prints to fit almost any window.

Harmony stock a range of 48 plain colours as well as a collection of sheer, textured and sunscreen fabrics suitable for your living room, kitchen and bathroom.

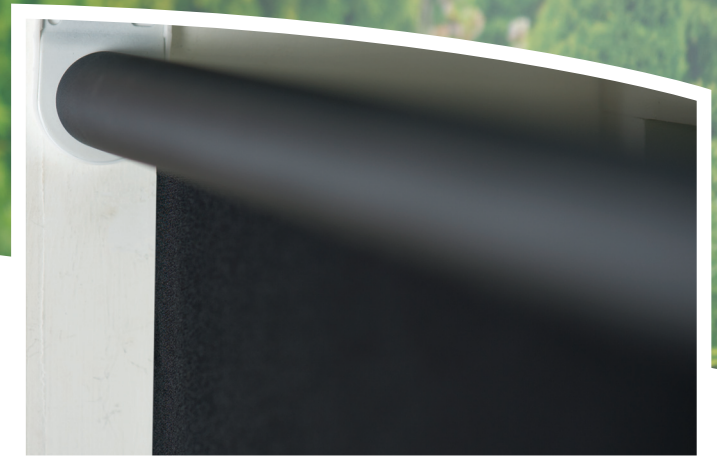

You can also add finishing touches such as decorative braids, eyelets and bottom bars.
